

Worcester Planning Commission

Meeting Minutes

January 9, 2018

Members present: Stewart Clark, Toni Kaeding, Myles Chater, Bill Arrand. Also present: Ted Lamb from the Select Board and Sooz Arrand, notetaker.

The meeting started at 6:30 at the Town Hall.

The third Tuesday of the month is our “official” scheduled meeting day but we have been meeting on other days as we work on the updated Town Plan.

Toni tracked down a more recent traffic study to replace the previous traffic study.

Bill volunteered to write a blurb about the WPC to insert in the Town Report for Town Meeting.

Scenic Roads Discussion continued about what was and was not a “scenic” road. Seven roads were identified as scenic roads in the 2007 Town Plan. What about trash visible from the roads? Should that be discussed in the Transportation Section or somewhere else in the document?

Vision Toni wrote a first draft of a “vision for the Town” similar to the beginning of the 2007 Plan. It was well received by the members but they each offered some language to “tweak” it; for example: “maintain & protect” and/or “preserve the character”.

Next Meeting 6:30 Wednesday January 17 at the Town Office. Review of Sections V and VI.
