Willie was also able to get 8 more packs with bottles from the Williston fire department. Wayne will pick them up on his way home on Sunday. This will bring the total to 12 complete air pack sets with 8 spare bottles. He will let the Selectboard know.

He will also speak with the Selectboard about the lights in the station: the lights that were done were done half-assed and the lights in the office weren't done.

CPR: Practical needs to be set up, and everyone who hasn't completed the online portion needs to do so a.s.a.p. Wayne, Mike U., and Willie attended a 4 hour CPR recert class in Middlesex.

New Business: Willie was contacted by the insurance company to do an ISO rating as it's been a couple of decades since the last one. He will meet with the insurance rep next Tuesday at 4 p.m. They are looking for training records for the past 2 years, last year's run records, pump tests, and hose tests.

Tank at community garden needs to be refilled. This should happen at the next training.

Flags need to be taken down before Labor Day.
