#### Business: Parking and Trail Ordinances

We discussed the proposed Worcester Parking Ordinance. Some grammatical suggestions were made. The underlying main premises of the ordinance were well received. It was suggested that a sign discouraging parking be placed at the junction of Minister Brook Road and Worcester town trail #6.

We then discussed the proposed Worcester Permitted Use Of Trail Right Of Way Ordinance. Again the basic ordinance was well received. There was discussion regarding parking at the junction of Eagle Ledge Trail and Shepard's Hill Trail as well as the general condition of those trails. While those issues do not affect the proposed ordinance, they do suggest that further attention needs to be given the Eagle Ledge Corridor. Residents were encouraged to coordinate concerns and suggestions which could be brought to the SB.

The SB was grateful for the Town's input. We will discuss the ordinances at the next SB regular meeting with intentions of moving them on toward completion.
