Josh generated a draft template for a new management plan and shared it with the committee for live revisions. During the meeting, we edited it together to incorporate our comments for sections 2 and 3, collected over the prior winter and spring.

3.1.1 Action Items

Tracker Merge sections 2 and 3 from the bottom of this document into the latest draft version from Josh. Then format this text into the outline structure provided by the original Google doc.

Everyone Distribute petitions everywhere! And let organizations/companies know that they could sign the petition as their organization as well. And notify the mailing list where we are distributing them.
