

Worcester Planning Commission

Meeting, September 19, 2017

Members Present: Toni Kaeding, William Arrand, Stewart Clark

Notetaker: Suzanne Arrand (non-member)

Who Really Makes Policy: Even though we are labeling “policy” in the Plan, it is the Select Board that approves policy.

Who “Owns” the Plan: There was some discussion as to who would “own” the document. Toni or Stewart. They agreed to “switch off” and take turns being responsible. For now, Toni has it and will email the revised document to us by October 10. Bill will try to find the original Plan Surveys from 2001 so new members can see what they were like.

Parts I and II Revisited: We did another pass of Parts I and II because they needed further editing. We are trying to be consistent in the way we refer to maps and tables.

Part III Revisited: We were not able to finish the needed edits on Part III so we agreed to work on the rest of Part III as well as Parts IV and V at the next meeting. Meanwhile Stewart will work on recommending edits on Part III and will email those to us.

Future Meetings: The next meeting will be October 17 at 6:30, at the Town Office.
